

## **Conflict of Interest Statement**

### **Purpose of statement:**

A conflict of interest is a matter in which the personal interests of the mentor conflict with the duty to act in the best interest of the mentee or to act in a way not to the benefit of the mentee. This includes matters of actual or perceived interest by the mentor in any matter that results in financial gain or recruitment of mentees. The purpose of this statement is to disclose potential conflicts of interest and uphold the integrity of the participants in this program.

### **Opportunity to disclose potential conflict:**

If it is found that an action has occurred that does present a conflict of interest or if a mentor fails to disclose potential conflicts of interest, they are subject to termination of their role in the AGU Mentoring Network. AGU reserves the right to prohibit attendance or participation at any future program.

### **Acknowledgement of understanding:**

My electronic signature on the AGU Mentoring Network mentor application indicate that I have read and understand the above policy regarding conflicts of interest and will comply with the terms.
